VOLUME XIV

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY FEBRUARY 22, 1911.

NUMBER 16

Will Go to Florida.

Mr. S. F. White, who has been the very efficient Deputy Post-master of this place for several years, tendered his resignation last week, and will, in a few days leave for Bradenton, Fla., having accepted a position on The Manatee River Journal. Mr. White is an experienced newspaper man, perfectly familiar with all the departments, and is especially adapted to gathering and writing news. It will be his business to assist Mr. J. H. Humphress, who is the editor of the paper, and there is not a doubt but he will fill the position in a perfectly satisfactory manner. He will leave his old home town with the best wishes of everybody in Columbia; and those who have known him best take pleasure in commending him to the people of Bradenton as a gentleman worthy of their esteem and confidence. Mr. White's wife and little son will not take their departure for several weeks, and their going will be a source of much regret.

Mr. J. H. Judd, a gentleman who is well qualified, has assumed the duties of the position vacated by Mr. White here, though the latter will assist a few days at the post office before leaving for Florida.

Mr. Leslie Chapman, who has been a salesman in Russell & Co.'s store for the past eighteen months, will accompany Mr. S. F. White to Florida and will seek a position in the Sunny South. He is a very excellent young man and has been a faithful helper at the store of Russell & Co., and his services will be greatly missed. He is attentive to business, filling his position here in a very acceptable manner. He is worthy of confidence, and we predict that he will experience no difficulty in securing a position away from home. He will carry the best wishes of his many friends in Columbia.

Commissioner's Sale.

ADAIR CIRCUIT COURT, KENTUCKY.

John B. Cave, Plaintiff, }
Thomas B. Grant admr. &c., }

By virtue of a Judgment and Order of Sale of Adair Circuit Court, rendered at the January Term, thereof, 1911, in the above cause, for the sum of \$230.00 due John B. Cave and \$40.00 due Sallie D. White, with the interest at the rate of 6 per cent per annum from the 21 day of January 1911, until paid, and \$115.15 costs herein, and for the purpose of distributing the proceeds of said lands among the heirs of Wm D. Cave deceased, I shall proceed to offer for sale at the Court house door in Columbia Ky., to the highest bidder, at Public Auction, on Monday the 6 day of March 1911 at 1 o'clock p. m., or thereafter (being County Court) upon a credit of six months the following described property, to wit: A certain tract of land situated in Adair county Ky., on the waters of Butler Creek a tributary to Green River, bounded on the north by the lands of Wm Beard, on the east by the lands of D P. Rice, on the south by the lands of Alfred Hendrickson and Rebecca Squires, on the west by the lands of S. L. Banks. For full description reference is made to the Judgment orders and pleadings in this action. The said lands being the same owned and resided upon by Wm B. Cave, at the time of his death.

For the purchase price, the purchaser with approved surety or securities, must execute Bond, bearing legal interest from day of sale until paid, and having the force and effect of a Judgment. Bidders will be prepared to comply promptly with these terms.

The Meeting at Baptist Church.

The series of meetings which were commenced at the Baptist church eight days ago, will continue over next Sunday. Rev. Butler, Arvin, of Campbellsville, who is assisting the pastor, is preaching convincing sermons, but the unconverted are slow to act. From the start the attendance has been good, especially at the evening services. Each night the church has been filled to its capacity and the closest attention has been paid the speaker. All denominations in town are co-operating and we predict that much good will be accomplished. The choir is rendering inspiring music, and the special solos and duets, by Mr. Arvin and the pastor are highly appreciated.

Beginning March 1st we will give 1,000 votes in Piano Contest, with each dollar paid on Accounts or Notes made prior to March 1st, 1911. The contest closes at 7 p. m., April 1st, and this will be the last liberal offer of votes on Accounts.

Death Of An Old Citizen.

Mr. Milton Powell, who was one of Adair county's best citizens, died at his late home, near Joppa, last Wednesday night. He was about eighty-four years old and had been a consistent member of the Christian Church for many years. There was no better citizen nor no better neighbor. He lost his eyesight several years ago and since that misfortune he was seldom seen away from home. He will be greatly missed from the community where he so long resided. The funeral services were conducted by Eld. Z. T. Williams, many friends and relations being present.

Card Of Thanks.

Mr. W. A. Hindman, sons and daughter desire to extend their grateful thanks to the many who so tenderly watched over and administered unto wife and mother during her illness which terminated in death. Friends in such a distressing trial are very helpful, and consoling words comforting to bleeding hearts. Those who administered to our beloved dead will never be forgotten.

The Adair County Medical Society will meet in Columbia, on Friday the 10th day of March 1911 (Second Friday) at 10 o'clock. We hope to make this a memorial occasion in honor of Dr. W. T. Grissom lately deceased. We want every member who knew the doctor to write a short sketch of his life, as he understood it, so that we can put these sketches together, and have a fitting memorial meeting. Dr. Grissom was a member of our society since its organization, and was always an active worker.

U. L. Taylor, Program Com.

Mr. G. M. Stevenson and family, who left here three months ago for Southern Texas, will return to Adair county this week. They reached Campbellsville last week. Mr. Stephenson's son came over Thursday. The News asked him if his father found any country he liked better than Adair county. "No indeed, and he is back in this country to stay." Mr. Stephenson and family are fine people and we would be glad to have them locate near Columbia, and we believe they will if a suitable farm can be bought.

Bob Pennycook not only distinguished himself as a soldier in the Philippines, his patriotism being now discussed over the county by men who will choose the next Representative in the Kentucky Legislature, but his skill with the brush is very much in evidence. He has just finished varnishing the hardwood floors and stairway at Marvin Young's residence, his work receiving much praise from all those who have called to see it.

The beautiful Spring days of last week, the warble of the field songsters, the cooing of the doves, the bursting buds of early trees and plants, together with the merry hum of outdoor work have all passed to be followed by freezing weather and probably disastrous results to the fruit crop. Many fruit trees opened up their blossoms and the Crimson Rambler took on its full foliage but to day there are chilly buds and frozen leaves.

Flowers Bros., of Bliss, who are producers of fine Berkshire hogs, informs us that they now have eight orders for hogs which they can not fill. The demand is far in excess of the production in this part of the country and if other farmers would help out in producing pure breed swine it would be great advantage to this section and highly profitable to themselves.

Some time ago the City Council of Barbourville, passed an ordinance prohibiting the smoking of cigarettes. A man was arrested and fined for violating said ordinance. He brought suit for \$5,000 against the town for false arrest. The case went to the Court of Appeals and that Court sustained the action of the council.

The total valuation of property in Adair county for the year 1910, as taken from the Assessors book is \$3,444,321. The valuation of property subject to taxes is \$2,898,557. An increase of \$80,000 over the year 1909. The valuation of property in the town of Columbia, subject to taxation, is \$525,346.

Mr. J. R. Shaw and his son, Harlan, who had the contract to build Marvin Young's residence, have turned over the keys. It is a very neat job of work, the inside especially attractive, and some artistic painting and varnishing were done.

Miss Julia Eubank, who is the milliner for Staples & Stults, will be in Louisville for the next three weeks. During her stay she will familiarize herself with all the latest designs in millinery. The firm will be ready with an early spring stock.

A Splendid Opportunity.

The subscription price of the Daily Courier-Journal, the greatest newspaper in the South, is \$5 per year or \$4 for eight months. We send you the Courier-Journal for eight months and the News for one year both for \$2.50. This is \$1.50 less than you would have to pay for the Courier-Journal alone. If you only want the C. J. for four months with the News for one year you can get them both for \$1.75. This offer is for a very limited time, and should be accepted at once. If you are already a subscriber to the News renew at once. If you are not a subscriber now is the time to subscribe and get the great Courier-Journal with it.

This proposition is only extended to parties living outside of the corporate limits of Columbia. The C. J. does this in order to protect the local agent.

It is a strange thing that good farmers, progressive men in their line of work will not manifest more real desire for substantial roads. It is likewise strange that business men—merchants and others, who depend largely on the country for the prosperity of their business are also indifferent about good roads. But in this section strange things happen. The worth, the far reaching influence of substantial roads can hardly be estimated, and yet, call after call has been made to awaken a general interest but without effect. This country is able to build from one hundred to one hundred and fifty miles of solid road and pay for every mile without embarrassment. We could carry a bonded debt and no one be hurt but all benefited by the value and use of the roads. There would be no trouble to place 5 per cent twenty-five year bonds at a premium and still we mope along under present discouraging and disastrous conditions.

Judge E. B. Beard, of Shelbyville, candidate for Railroad Commissioner for the second district, spent a part of last Saturday and Sunday mixing with the people of this section and the many Democrats who met him are favorably impressed. Judge Beard is a lawyer of merit, well experienced in business affairs, and should be the choice of his party, would unquestionably make a winning race and a most competent official. Judge Beard and Mr. James Garnett, of this town spent many days together in school and his visit here was therefore more enjoyable.

For Sale.

One grist mill, crusher, hay press, boiler and engine.

W. H. Cundiff.

Execution Sale.

By virtue of execution No. 1856 which issued from the office of the Clerk of the Adair Circuit Court, on the 21st day of January 1911 for the sum of (\$300.00) Three Hundred Dollars with interest thereon at the rate of 6 per cent per annum from the 16th day of January 1907 until paid and the further sum of (\$11.05) Ten & 05-100 Dollars Cost in favor of Jno. M. Turner against W. B. Yates. This execution is executed by \$50.00 paid August 18th, 1910, I will on Monday the 6th day of March at the Court House Door in Columbia, Ky. the same being the first day of a regular term of the Adair County Court, at 1 o'clock, p. m. or thereafter offer for sale to the highest bidder upon a credit of three months the following tracts of land or a sufficiency thereof to satisfy said execution interest and cost as the property of W. B. Yates and bounded on the North by the lands of F. A. Lewis, on the South by the lands of Andrew Turner, on the West by the lands of Nelson King and containing 165 acres. Also a certain tract or parcel of land lying near Fairplay Ky., and joining the land of H. C. Baker, and bounded on the North by the lands of Jo G. Turner, on the South by the lands of A. J. Green, on the East by the lands of Carter heirs on the West by the lands of H. C. Baker, and containing 94 acres. Bond with approved security and bearing interest from date until paid will be required of the purchaser. This February 9th 1911.

A. D. Patteson S. A. C.

The importance of a bridge over Green river at, or near, Neatsville, has long been seen by the many familiar with that section, and while not yet assured that the Fiscal Court will have a bridge built this year, yet from the effort being made to supplement the cost by a strong free-will offering in cash indicates that it will be built. We are not informed as to the amount pledged but when the court meets in April the people of that section will be on hand with a proposition that will doubtless bring the bridge so long needed.

A few weeks ago the editor of this paper received a box of fine chewing tobacco, the gift of friends from the south side of Old Virginia. It was shown to several of our townsmen and likewise to some few of our best farmers who pronounced it the most tempting specimen they had ever seen. Fully one half of it was given to those who enjoy the weed and without a single exception its flavor met with high compliments. A few seeds has been received and some of our best tobacco growers will test its merits in this section.

by a cure-defying stomach trouble that baffled doctors, and resisted all remedies he tried, John W. Modders, of Moddersville, Mich., seemed doomed. He had to sell his farm and give up work. His neighbors said, "he can't live much longer." Sample Helps Frail Women

So many women are dragging out
weary lives just because their diges-
tive organs are weak. The result is
poor circulation, nervousness and the
verge of invalidism. It is often very
unnecessary and the woman's own
fault.

The first thing to do is to look to the
welfare of your bowels. There the trou-
ble usually lies. All physicians know
that a large percentage of women are
habitually constipated, and from this re-
sults indigestion, piles, nervousness, etc.
that women constantly complain of.
But there is no use taking "female reme-
dies" and things of that kind until you
have started your bowels to moving.
You will find that when the bowels move
regularly once or twice a day all your
petty ills will disappear. Take a good,
mild laxative tonic like Dr. Caldwell's
Syrup Pepsin for awhile and you will
find yourself rapidly getting better and
stronger, your bowels will regulate them-
selves and work at stated times, and
then your headaches and dizziness will
disappear. Don't take strong cathartic
pills or salts, but just such a mild and
pleasant-tasting remedy as Dr. Caldwell's
Syrup Pepsin.

You can obtain a bottle of your drug-
gist for fifty cents or one dollar, and
either size may be enough to perma-
nently cure you. Thousands of women
keep it regularly in the house and will
no longer be without it, as it cures them
and can be used with safety by every
member of the family, down to the
youngest child, but if you have never
used it take the advice of Mrs. Earl S.
Cox, 405 Twenty-fifth street, Moline, Ill.,
and Mrs. Ellen Dungan, Muncie, Ind., and
send to Dr. Caldwell for a free trial bot-
tle, as they did, and learn for yourself
what it will do in your own case. That
it will cure you, as it did them, there is
no doubt.

Dr. Caldwell personally will be pleased
to give you any medical advice you may
desire for yourself or family pertaining to
the stomach, liver or bowels absolutely
free of charge. Explain your case in a
letter and he will reply to you in detail.
For the free sample simply send your
name and address on a postal card or
otherwise. For either request the doctor's
address is Dr. W. B. Caldwell, R. 500 Cald-
well building, Monticello, Ill.

Feeding the Baby.

Many mothers have but vague
ideas as to how the baby should
be fed. That he needs milk they
know, but that his bottle must
be absolutely clean and the milk
absolutely pure does not enter
their heads.

Admitting that the bottles and
milk are all that they should be,
the next step is the feeding. It
is not wise to feed a baby hold-
ing him in your arms. Lay him
comfortably upon his side on the
bed, covering him with a thin
blanket. While he is young it is
best to hold the bottle for him,
because the muscles on the little
bones are not yet strong.

When he is a little older he
will be able to guide the bottle
with his own hands.

Many mothers give the baby
his bottle full of milk then leave
him. If he goes to sleep before
it is finished it may be that the
milk will dribble from the nipple,
and as he does not swallow it he
is likely to choke.

Too much stress cannot be laid
upon the fact that nothing be laid
upon the fact that nothing poi-
sons a baby more quickly than
stale and sour milk. Unless all
the utensils are kept scrupulously

clean some particle of the spoiled
and microbe laden milk will find
its way into the little stomach,
after which he is pretty liable to
have an illness.

If the mother will but pause
for a moment and study the in-
fant mortality in all the great
cities she will find that the high
death rate occurs among children
most of whom have been fed
from the bottle. This should be
warning enough for her to see
that the baby's food is absolutely
pure.

Meat should not be fed a child
until it is past six years of age;
coffee and tea, being stimulants
and not foods, should not be
given to children at all.

Life Saved At Death's Door.

"I never felt so nearly grave,"
writes W. R. Patterson, of Wellington,
Texas, as when a frightful cough and
lung trouble pulled me down to 100
pounds, in spite of doctor's treatment
for two years. My father, mother and
two sisters died of consumption, and
that I am alive today is due solely to
Dr. King's New Discovery, which com-
pletely cured me. Now I weigh 187
pounds and have been well and strong
for years." Quick safe, sure, it's the
best remedy on earth for coughs, colds,
lagrippe, asthma, croup, and all throat
and lung troubles. 50c & 1.00. Trial

Reflections of a Bachelor.

Good look is merely escaping
bad luck.

Teachers can cultivate brains;
they can't create them.

Most people spend their time
either eating or talking about it.
The Lord must take care of
good women, for certainly men
don't.

A girl who will wear big fat
rubbers, however bad the weath-
er, doesn't want to get married.

A wise child learns to like to
be spanked so as to get a lot of
spoiling to make up for it right
after.

The crafty thing for a man to
do would be to convince his
wife he loved her so much he
hadn't any left for her relatives.

It's worth thinking about how
mad a man can be at first with a
girl for refusing to marry him
and how grateful to her after-
ward.

It's just human nature for an
old bald-head to want young
girls with a mass of curls to
pretend they can tolerate him.

CHAS. S. HARRIS EDITOR.

Democratic newspaper devoted to the interest of the City of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Post-office as second class mail matter.

WED. FEB. 22, 1911.

Where are we headed, what are our real troubles and how can we find and apply the remedy for a more effective campaign next fall, are questions now in the minds of many true and loyal Democrats throughout the State. The Executive committee seems to be unable to unify and bring to the party that hope and enthusiasm that should exist in every section. In fact, the committee seems to be on a rough sea, and every move made has so far drifted us farther from shore. While a convention was wanted by a large majority of the candidates, and while public sentiment in the party seemed overwhelmingly for a convention, yet the committee ordered a primary, and set the date for holding it in May. In taking this step the Senatorial race was left out. Immediately a protest was made, and the demand was so strong and broad that the committee reassembled and included the Senatorial race. Hon. Ben Johnson withdrew from the contest for Governor at that time, and his reasons for so doing further complicated matters. Again the committee met, last week, for the purpose of fixing the date for the close of entries and doing other things necessary for a legal primary, but it failed to hand out a decision, postponing action till March the 3rd, at which time it again meets. The urgent demand is still before the committee to call off the primary and give a convention. Now, in the face of the present complications, in view of the ultimate outcome, next fall, we sincerely believe that the committee must, to a reasonable extent, conform its action to the popular demand if our party is to regain power in the State. We have never believed a State primary healthy for the party, nor fairer to aspirants than a convention. We have opposed it on account of its costs, its excessive demands on the energies and time of those who seek office, and lastly, we have been unalterably opposed to it on the ground that it eliminates a platform, sets the nominees drifting without a declaration of specific party pledges. Waiving of our objection, we accept the call for the primary, and do not desire a vacillating course from the committee. It has called the primary, and set the date. It should stand firmly to it. It has included the Senatorial race. It should not waver on it, but in justice to the party, and in justice to itself, a convention should be called to meet and frame a platform before the primary is over and if possible, before the close of entries. If this is done it will harmonize and do justice to the party and enable the party to put itself squarely before the voters of the state on every important public question. The good roads

movement, the tuberculosis proposition, the Educational interests and many other questions of vital importance are now before the people. Our party can not hide from these issues and it has no intention of attempting it if the committee will only permit it, to meet face to face in a state convention for such a purpose. The committee was made to represent the party when not in convention assembled. Its plain duties are those of a trust and for the good of the party. It is for the good of the party that the Democrats meet in convention and place itself squarely before the people of the State since this has not been done for more than ten years.

With the President's party torn to pieces the Canadian reciprocity bill passed the House, Democrats casting the bulk of the vote. The bill is now in the hands of the Finance Committee of the Senate. Speaker Cannon, when he realized that the bill would pass by the aid of Democrats called Ollie James and had him to preside while the vote was being taken. The enthusiasm was great.

While reciprocity is a game of "You tickle me, I tickle you," still the majority of the standard patters refuse to tickle or be tickled—they are cold enough to preserve the perishing products of this country, but the people want to place their products on the market rather than in cold storage.

STAR FIELD FENCE

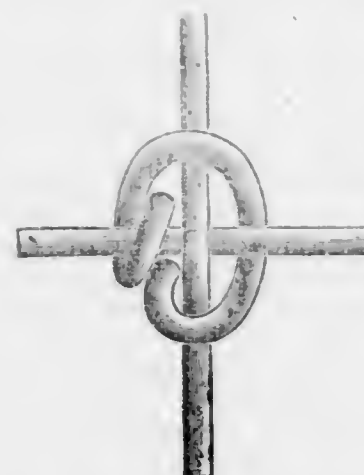

We feel that we were very fortunate in securing the Agency for the STAR FIELD FENCE for Adair County, because it is guaranteed to be one of the very best Woven Wire Fences made.

The STAR FENCE is made of the BEST GALVANIZED BESSEMER HARD SPRING STEEL CRIMPED WIRE. The horizontal wires are crimped every three inches, thus positively providing for expansion and contraction. It is so constructed the stay wires can not slip, yet at same time allowance is made for erecting on uneven ground, so an inexperienced person can erect this fence perfectly. All horizontal wires are of even length, so it requires but a short time to erect the STAR Fence.

If you expect to do any fencing this spring, and want a fence of quality, it will pay you to examine the STAR FENCE before you buy. Prices are right. Investigate this Fence at once.

Indianapolis, Ind.

Editor News:

Though I live in Indianapolis, the beautiful capital of Indiana, no distance is too great for memory to travel and my thoughts often revert to old Kentucky, and especially to Russell county where I spent so many happy days—days around which fond memories cling with a tenacity too great to be shaken by the hand of time. In glancing back upon the days that were we find that Time often beautifies those early scenes.

Probably many of the old settlers will remember James Harvey Kean because he, too, was an old settler. Some may recall his daughter and remembering her may care to read this letter which, though it comes from Indiana, is, in reality, from a Kentucky girl. I was reared in Russell county about five miles Southeast of Jamestown; and as I have only had the privilege of visiting my old home a few times, probably some of my friends will be glad to hear that I am still among the living.

When Susie and I left home to visit friends at Greenwood, ten miles South of Indianapolis, little did we think of this being our

future homes, and especially of me meeting a Railroad man when we were reared so far from the Railroad, but a person can never tell where he or she is likely to drift.

I married a Railroad man, and our home has been blest with two little children who are in school—Dorothy age seven and Edwin age six. O what a contrast between their school and the one which I attended in my girlhood days! Here there is a teacher for every grade; even little Dorothy and Edwin are in separate rooms. Of course I know there has been a wonderful improvement in the schools back home.

My sister Susie married a farmer and is living three miles Southeast of Indianapolis. She has two little boys whom she calls Arthur and Ralph. We visit each other frequently. My mother is as well as usual and often comes to visit me. My sister Dora so far has chosen to retain the name of Kean, and she now has a position in the Indiana school for the Blind which is located here in the capital, consequently Dora and I see each other often.

Since I left my old home, it has been my privilege to visit eighteen different States. A few years ago we went to New York, Atlanta City, and Washington, D. C. Last winter we all went to Los Angeles, California, and though we have a yearning to return to California, the land of flowers, we must at present be content to remain here where there is so much for which we should be grateful. You can imagine my longing to see you when you remember that I have been away from "My Old Kentucky Home" for more than ten years.

Three years ago a sorrow glided into my life, which I shall never forget. My sister, Ida, passed away leaving behind a husband and her little children. Her husband is teaching school near Padue, Oklahoma, where he has the children. It may have been that in Paradise one rose was too pure for the hand of another, and in order that the crown of flowers which was to adorn the brow of the Master could be complete, the wise Ruler of the universe saw fit to call Ida home. Silently the messenger of death descended, took her in his arms, ascended, knocked and was admitted—his mission was over. When I think of her departure, even though I know it must have been for the best, I find comfort in the thought that our separation shall not always last. Death separates, and death unites. I find, too, that the words of the poet are true when he wrote:

"Time never heels the broken heart,
Nor fills the vacant chair;
He only gives sufficient grace
The heavy cross to bear."

Thanking the editor for his kindness in publishing my letter, and wishing you all a happy future, I remain your true friend,
Mrs. W. E. Leslie,
formerly Nannie Kean.

We are much pleased with the movement and hope it may prove a great benefit both to the adult and the rising generation of our community. There are many and many things in which we might be intemperate in. The Bible pronounces no blessings on intemperance but many upon the total abstinence therefrom.

Mr. A. G. Benard, of Jamestown has bought W. W. Owens' farm. Mr. Benard means to make this his future home as we understand.

While little Alton, the eight year old son of J. J. Robertson was out at play he was attacked by a large sheep belonging to C. M. Robertson. The little fellow was knocked lifeless by it and still he would try to get up, upon which the sheep would round him again. His little brother, David, noticing the battle ran to the rescue of his brother, opening his knife as he went. On reaching the spot the sheep made for the approaching boy; the boy used his knife well with many cuts on the sheep. By this time the mother had reached the place while Mr. Logan Womack's boys joined the battle. The sheep was put to flight, all thinking that little Alton was dead or soon would be. They pursued the sheep and beat him with clubs and cutting him with knives. By that time little Daris, the 12 year-old brother to Alton reached the spot with a gun and emptied the contents of a shell in the sheep's head.

"Two years ago," she writes "being in a condition of nervous exhaustion, I resigned my position as teacher, which I had held for over 40 years. Since then the entire rest has, of course, been a benefit, but the use of Grape-Nuts has removed one great cause of illness in the past, namely, constipation, and its attending evils.

"I generally make my entire breakfast on a raw egg beaten into four spoonfuls of Grape-Nuts, with a little hot milk or hot water added. I like it extremely, my food assimilates, and my bowels take care of themselves. I find my brain power and physical endurance much greater and I know that the use of Grape-Nuts has contributed largely to this result.

Wild West Stunt.

New York, Feb. 9. — Six men, all armed with heavy revolvers, entered by twos at the three entrances to the saloon of Henry Fehn, on Upper Second avenue, early in the morning. At a signal from the leader, all six men began blazing away at the mirrors and glassware.

About forty shots were fired, with such excellent effect that broken glass was strewn all over the place by the time two policemen ran up, attracted by the fusillade.

The bluecoats found the saloon empty except for the two bartenders, who were crouching uninjured close to the floor behind the bar, in fear of a renewal of hostilities.

The six visitors had departed as suddenly and silently as they came. The police believe that they intended to rob the saloon of the \$600 in the till, but were frightened at the racket their revolvers caused and escaped without accomplishing their purpose. When the fusillade began there were a dozen customers sitting in a back room.

According to the police, the invaders were probably delegates from a notorious East Side gang, the "Hawks," which has been terrorizing the neighborhood for some time past.

Running Into Debt.

I know of nothing outside of crime which has caused so much suffering in this world as Debt. There is nothing which ages one more than the worry and anxiety of debt. The constant fear that one may lose his home or position, or be involved in lawsuits and not being able to take care of those dependent upon one — these are the things which sap the juices of life, and dry up every source of enjoyment. Everywhere we find men in middle age who have no homes or property, and practically no savings ahead, not because of laziness or incompetency, but because they have spent the very best years of their life paying up old debts; in trying to get out from under business complications of many years standing. Every dollar earned is mortgaged.

Falls Victim to Thieves.

S. W. Bonds, of Coal City, Ala., has a justifiable grievance. Two thieves stole his health for twelve years. They were a liver and kidney trouble. Then Dr. King's New Life Pills throttled them. He's well now. Unvalued for Constipation, Malaria, Headache, Dyspepsia. 25c at Paul Drug Co.

About Good Roads.

Manchester Claron says: We are in favor of road building by taxation; 5 cents on the \$100, and if that is not enough make it 50 cents, for if we had a good system of roads in Clay county every foot of land now selling for \$1 would be selling for \$10.

Princeton News: Some things we need. Better roads, greater population, more factories, more houses, new school buildings, more boosters and more knockers to help boost; more civic pride and less prejudice. This is not a dream. It's possible of reality. Caldwell county can have it all if the people say so.

Madisonville Hustler: Our farmers are paying more money for dirt roads in taxes and in being hampered in moving their crops and in having to provide extra teams and in valuable time every year than the cost of rock roads, and once the rock roads are built the expense is comparatively small to maintain them. Some will say they are in favor of rock roads if every road in the county is to be rocked, and are opposed to them unless every road is rocked. The county will never get rock roads that way, and the useless expense and waste will continue to be a burden upon our farmers until they wake up and get a public sentiment aroused in favor of starting the work where it will do the most good and gradually extending it from year to year.

Why Suffer?

Are you one of the thousands of women who suffer from female ailments? If so, don't be discouraged, go to your druggist and get a bottle of Wine of Cardui. On the wrapper are full directions for use.

During the last half century, Cardui has been established in thousands of homes, as a safe remedy for pain which only women endure. It is reliable, contains no harmful ingredients and can be depended on in almost any case.

Take CARDUI

It Will Help You

Mrs. Charles Bragg, of Sweetser, Ind., tried Cardui. She writes: "Tongue cannot tell how much Cardui has done for me. Before I began taking Cardui I could not do a day's work. I would work awhile and lie down. I shall always give praise to your medicine." Try Cardui.

AT ALL DRUG STORES

The probe that was recently instituted by the Vermillion county grand jury in Danville, Ill., to investigate the alleged wholesale vote trafficking that has been ruling in that district will end in smoke, it is said. Unless the examination of witnesses still to be heard results in a general breakdown of enough witnesses to open up a general inquiry, even the court officials say that no further developments may be expected.

Coburg.

Weather conditions have been favorable the last few weeks, and farmers have advanced with their winter breaking, cleaning and fencing. Plant-bed burning is backward, very few being burnt at present.

Born, to the wife of R. L. Faulkner last week, a ten pound boy.

A singing with Norman Johnson as leader, was held at Coburg school house last Sunday afternoon.

C. C. Christie, of Haskinsville, with two wagons loaded with burley tobacco went to Springfield last week, and sold on the loose leaf market. Price not known.

Friday at noon while the carpenters were at dinner, the new house being erected and almost completed for Mr. Gore, of near Romine, caught fire and was burned to the ground. Ben Hescamp, the contractor, lost his tools with a valuable tool chest formerly owned by his father. The loss is probably five or six hundred dollars.

John Allen Martin and wife, of St. Louis, Mo., formerly of near Camp Knox, arrived here last week. He has returned, leaving his wife with relatives until her health improves.

A new church is to be built near Kellyville by the Cumberland Presbyterians. Ben Hescamp is the contractor.

Will the tobacco raisers cut out the 1911 crop, or raise the weed and pool it? It seems to be the all-absorbing question in Kentucky at present. It seems impossible for farmers to become a unit on anything, so why not the government take hold of the tobacco situation. Do away with the tax on tobacco in its present form, and tax the acreage of the farmer by allotment. Fix the vote at so much tobacco per acre, and allow only so many acres of tobacco to every 50 or 100 acres of land owned by the individual farmer. In this way the government could derive its regular income, fix the amount of production, and thus regulate the price both for the farmer and manufacturer.

Three Springs.

Thinking that a few items from here might be of interest to your many readers, I will drop you a few lines.

I am just home from a birthday dinner given Mr. Sam H. Myers, in honor of his fiftieth anniversary. From early in the morning his many friends and relatives from Hart, Barren, Melcalfe and Green counties came to congratulate him and partake of one of the finest dinners ever seen—such a dinner as his lovely wife knows how to prepare. Many nice cakes were brought, and the presents were numerous. One hundred and ten ate their dinner, and all seemed to enjoy themselves to the very utmost. Sam Myers is a man liked by every one, and is doing well, and a more excellent woman than his wife (nee Izora Wheeler) can not be found in the world. He is chairman of Educational Division No. 2, (20 districts) President of American Society of Equity of his Lodge; a member of the Board of Control of the Burley Tobacco Society; a member of the County

Board of Education; member of Horse Cave High School Board; member of Democratic county committee, and trustee of sub-district No. 63, and one of the best working Democrats in Kentucky. He was raised here, and you can see that his neighbors love to honor him. He was one of the charter members of the News, and takes it yet, and is always ready to speak a good word for it.

Jim, Henry and Robert Irvine live here, and are good Democrats.

Mrs. Vick Donan, (nee Grady) takes the News, and is a hustling business woman. She owns and runs two good farms and a drug store, and is making a success.

A. S. Edwards is making money—owns a fine farm and store and a more peaceable citizen can not be found.

We are all for James Garnett for Attorney General, and expect to see him elected.

Olie Jones is at Sam Myers, and is working like a good fellow.

To my Adair county friends I will say, that we are well satisfied, and a more hospitable people can not be found.

Democrats are plentiful here.

Editor of News:—

As I have never seen a letter from this part, I will endeavor to say a few words.

I have been in Oklahoma near about four months and it seemed to me at first like a forsaken place, but after I remained a few days I saw I was entirely mistaken. Farming is the greatest industry; cotton, maize and sugar corn are the principal crops. So I think that by the time I reach Kentucky I will be a regular bank buster, but at this time the busting goes the other way; the bank does the bursting. At this time we are in need of rain as we can't farm much until we have some rain. L. S. Wooldridge has gone to town today for the purpose of selling a team; Jake McFarland says he hopes he will sell so he will not have so many to feed, but Jake has to be doing something if he does'n work all the time he get's homesick and has to cry. Mr. and Mrs. L. O. McKinley's baby has been sick but is better at this time.

Mr. Alva McFarland came here from Denmark, Ky., and being notified a few days ago of his father's serious illness has returned home. Mrs. S. L. Wooldridge and little daughter, Ella were the guests of Mrs. L. O. McKinley Saturday and Sunday.

The Endeavor at the Mt. Zion church is progressing nicely, everybody taking a part.

Mr. E. C. Chaney has been on the sick list for a few days.

Would love to see a letter from Sewellton for it would be a new thing. H. C. wake up and see the train go by.

It's sure a grand remedy for stomach trouble." Just as good for the liver and kidneys. Every bottle guaranteed. Only 50c at Paul Drug Co.

The farmers have been quite busy in this locality for the past week, burning plant beds, break-ing corn ground, etc.

He is a constant reader and keeps in touch with the world. He lives in $\frac{1}{4}$ of a mile of Cane Valley, but has not been to the place for twenty-five years. More than thirty years ago was his last visit to Columbia.

Dr. E. A. Waggener and Mr. J. W. Thompson, two old veterans of the Confederacy, were in Cane Valley last Wednesday. They met a number of friends and many interesting incidents of the civil war were related. There is but one old Confederate sold-ier in the Cane Valley country—Mr. Creed Hood.
